Based on the attached images and texts, create the website of the people's cars in the format shown here:

index.html

opinion.html

carbrands.html

Use external css for each site!

The index.html website in detail:

Use <h2> style,
color:red;
text-align: left;

Use <h1> style,
color: DodgerBlue;

Create new CSS class, class name=links:
border: 0.2px
background color: #e6e4e4;
padding: 5px;
border-radius: 10px;

The text is divided into paragraphs

Table style:
border: 1px solid black;
border-collapse: collapse;
background-color:lightgray;

This is a link

If you click on the link, the first will open the website of the University of Dunaújváros, the second the carbrands.htm, the third the opinions.html page.
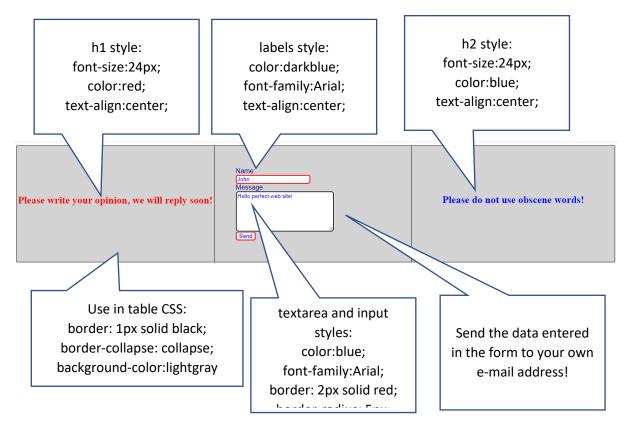

When creating a table, follow the proportions: the images are 1/3 of the width of the table, the texts are 2/3 of the text.

The opinion.html website in detail:
